LAFD ACS NET SCRIPT

Revised March 11, 2015

QST, QST, QST. This is (*your call sign*), operating the N6ACS NET CONTROL Station for the City of Los Angeles Auxiliary Communication Service NET.   This net meets every Monday evening at 1930 hours for the purpose of passing traffic to ACS members.   Are there any stations with EMERGENCY or PRIORITY TRAFFIC?

Handle the traffic if any.

If none: Hearing none,

This is a **DIRECTED NET**, which means that members with relevant questions and comments for any ACS station are asked to wait for acknowledgement by NET CONTROL before sending their traffic.

The Los Angeles City Fire Department manages this NET for the Emergency Management Department of the City of Los Angeles. All amateur radio operators not affiliated with the Los Angeles City ACS are invited to monitor tonight's net or are requested to please take their traffic to another frequency until approximately 2030 hours this evening.   Thank you.

Pause/reset.

When responding to roll call, stations are requested to follow net protocol by identifying their stations by tactical call sign followed by FCC call sign.

At the conclusion of the directed net, an open and informal roundtable will take place, at which time matters of a general nature or procedural questions and comments may be discussed. All amateur stations, including non-ACS members, are invited to participate.

This is *(your call sign)*, operating the N6ACS NET CONTROL Station. At this time Net Control will call the ACS **Command Staff** for traffic.

Pause/reset

This is N6ACS, Net Control. We wish to thank the Radio Amateur Association of Van Nuys (RAAVN) for the use of their 2 meter repeater and the Baldwin Hills Amateur Radio Club for the use of their 220 link.

If any of the stations that monitored tonight's net are interested in finding out more about the Los Angeles City Auxiliary Communication Service, please contact our membership coordinator by sending an email to: membership@lafdacs.org or visit the website at: www.lafdacs.org.

Thank you for your participation this evening and for your contribution to the safety and security of the people of the City of Los Angeles. All stations are invited to stand by for the open and informal post-net roundtable, which will take place in a few minutes.

This is (*your call sign*) operating as N6ACS, securing the ACS directed Net at _____ local time. (*use 24-hours format -- 8 pm = 2000 hours-- pronounced 'twenty hundred hours'*)

73 ALL

(*Your call sign*) Clear

Good phrases to use when controlling the net:

Please come now,
Thank you for checking in,
Hearing none,
Good Evening
Thank you
